## TREMENDOUS BRITISH BLOW CRUSHES HINDENBURG

### THOUSANDS SEIZED IN ASSAULT BY HAIG

Town of Messines and Scores Of Other Important Points Taken

ATTACK BY ENGLISH BEGINS AT 3 A. M.

German Captives Still Being Brought to Rear From Battle Lines

#### BULLETIN

LONDON, June 7.—The town of Messines and a score of other important points have been captured by the British in a tremendous blow struck this morning and this afternoon. The prisoners taken already number thousands.

VIENNA, via London, June 7.—Ten thousand, two hundred and fifty prisoners have been captured by the Austrian counter offensive in three days of fighting over a battlefield near Jamiano strewn with Italian corpses, today's official statement declared.

ROME, June 7.—Furious but futile counter attacks by the Austrians have cost them 5000 in casualties in the past few days, according to semi-official estimates today. At no place have they succeeded in denting the line which the Italian offensive has pushed forward toward Trieste.

Officials estimate that at least 100,000 Austrians participated in the counter offensive of the past three days.

LONDON, June 7.—Field Marshal Haig's resumed offensive swept forward victoriously today over a front of nine miles in the Messines-Wytschaete sector.

"Everywhere we captured our first objectives," the British commander in chief reported.

"Further progress was reported satisfactory on the whole front. A number of prisoners are reported already reaching collecting stations."

Of the fighting in the section where the big gains were made, General Haig reported:

"We attacked at 3:10 this morning German positions on the Messines-Wytschaete ridge, on a front of nine miles and everywhere captured our first objectives."

The Messines-Wytschaete ridge is located in the small triangle of Belgium just below Ypres, which still remains in British hands.

Save for raiding sallies and occasional artillery fire, this particular sector has been quiet for nearly a year. During the last two days the British suddenly began almost continuous raids in this section and by day and night British artillery roared continuous bombardment.

Probably the Germans figured the raids were to acquire information as to the forces opposing the British there and the artillery preparatory to an assault.

But General Haig "crossed" them by hitting a tremendous blow yesterday far to the south, around Lens. He kept the action in this resumed offensive going furiously all day yesterday and then suddenly early this morning delivered his biggest blow of all in the Messines-Wytschaete sector.

Advance Over Mile Front

Front dispatches today indicated complete success in the secondary—but initial move—marking the complete resumption of the British offensive around Greenland hill. Here all objectives were gained by the British attacks and the enemy swept from the western slopes of the height. The advance was over a front of about a mile.

Until today the British offensive, starting coincidentally with the German "strategic retreat" early in April, has been stayed for over twenty days. There were isolated struggles back and forth but no mass attacks such as those with which Haig pounded the Germans today.

UNDER Captain E. I. Tinkham and Lieutenant Scully these Americans, constituting the first American motor transport corps, left for the front the other day. Captain Tinkham won the war cross at Verdun. They are now actively engaged in ambulance work. While individual Americans have carried the flag this is the first body which carries it officially. Among the men were detachments from Andover, Dartmouth, Harvard, Johns Hopkins, Yale, Chicago and Williams College, while a large body from Princeton was awaiting organization.

### WAR OBJECTORS TO BE PLACED BEHIND LINES

Indications Are More Than 50 Per Cent of Registrars Will Claim Exemption

SACRAMENTO, June 7.—Thirty-two counties out of fifty-eight in California and seven cities out of ten, report only 180,769 registered for the draft. Of these, 125,000 claim exemption. Officials still expect the registration to exceed 300,000.

VIRGINIA SLACKERS GIVEN FORGED TICKETS, CHARGE

WASHINGTON, June 7.—Agents of the Department of Justice today are proving a report from West Virginia that a number of men have secured possession of registration certificates and are distributing them to "slackers." It is assumed that a facsimile of the certificate has been forged.

BY CARL D. GROATE

(United Press Staff Correspondent)

WASHINGTON, June 7.—Returns filtering in to Provost Marshal General Crowder's office today indicate that exemption claims may exceed 50 per cent of the war registration.

This, however, did not far surpass official expectations, inasmuch as a large share of the claims are based on the dependency of relatives.

Many men claimed themselves as "probably exempt" on account of occupation or disablement.

All exemption claims will be carefully examined to determine whether or not they are bona fide, but the indications are that only a small percentage was hidden "behind women's skirts" to be freed from military service, or has claimed exemption on the ground of "conscientious objection" to war.

In cases of conscientious objection the applicant, if otherwise fit, will not be exempted from some form of military service. If he proves fully his conscientious objection, he will probably be used in work behind the lines. If he fails to prove his statement, then he will be subject to actual bearing of arms.

Official returns are coming in slowly, though they began to speed up today and probably will be on in full blast tomorrow.

The fact that 10,000,000 men have been registered as available for military service will have a tremendous psychological effect in Germany, it is believed, showing her the great resources in man power still aligned against her.

SAN FRANCISCO, June 7.—Over 20,000 out of 38,480 citizens eligible for military service registered in San Francisco have indicated they would ask for exemption, according to figures announced today by Registrar Zemansky. Over 18,000 exemption claims are based on having dependent relatives, 894 on total disability, 387 on holding official positions and over 2500 on other grounds.

Zemansky estimated that San Francisco's registration is 51,660, exclusive of absentees whose cards are yet to arrive.

### MAY SELECT TRACT NEAR STANFORD FOR ARMY CANTONMENT

SAN FRANCISCO, June 7.—Two sites for divisional cantonments for the selective service army, one in Solano county and the other near Stanford University, are under consideration by western army department officers, according to an announcement today by Major General Liggett, commanding the department. Army boards have been named to investigate proposed sites and surveys of both tracts will be made.

American Lake, Wash., is the only cantonment so far located in this department, although a national guard camp has been announced for Linda Vista near San Diego.

### BURLEW AND WINTER CALLED TO COLORS

S. A. Physicians Are Ordered To Report at Ft. Riley, Kansas, June 16

"Be prepared for active duty at training camp at Fort Riley, Kans., on June 16."

The receipt of this telegram today by two local physicians brought the war closer to Santa Ana.

Dr. J. M. Burlew and Dr. Frank E. Winter are the physicians who received the notice to report on short notice.

Dr. Burlew holds a commission as captain and Dr. Winter as first lieutenant in the medical department of the Officers' Reserve Corps and both have been anticipating the receipt of such orders, but expected first receiving instructions to arrange their business affairs so that they could leave on short notice.

The telegram is from Surgeon General Gorgas at Washington. The physicians will have to leave here either next Wednesday or Thursday in order to reach the training camp on the designated date.

Dr. J. E. McKillop of Huntington Beach holds a commission in the reserve corps and will probably be called.

"The training camp at Fort Riley, as I understand it, is a training camp for officers," said Dr. Burlew this afternoon. "We will take a course in regular military training and later will be sent to Europe for service there."

### SLACKERS IN EUREKA MUST GO THIRSTY

EUREKA, June 7.—Slackers must go thirsty in Eureka.

"Show your card," instead of "What will you have?" today is the greeting of bar-tenders to their patrons.

The saloon proprietors decided that if a man can't fight then he doesn't need a drink and they issued orders to all their employees to serve no man under 31 years old unless he shows his registration certificate.

The order is two-edged. It swats the slackers and it protects saloon men against being trapped into selling drinks to youths under 21 years of age.

### SILVER SHELL IS FIRST U. S. SHIP TO SINK DIVER

Name of Craft Exchanging 60 Shots With U-Boat Is Officially Announced

WASHINGTON, June 7.—The American steamer Silver Shell of Wilmington, Del., is the first vessel under the United States flag officially reported as probable victor in a fight with a German submarine.

William J. Clark of New York, chief turret captain, from the United States ship Arkansas, was in charge of the Silver Shell gun crew. Secretary Daniels commended Clark's work highly today and pointed out he had come up from the enlisted ranks, was worthy of high honors and said promotion was under consideration.

The Navy Department announced today that the Silver Shell probably sank a U-boat after a battle lasting an hour and a half in the Mediterranean May 30.

Reports to the Navy Department from members of the Silver Shell crew confirmed the statement contained in the consular message of yesterday and cleared any lingering doubt as to the authenticity of the story.

An official announcement yesterday gave details of a battle in which sixty shots were exchanged, but withheld the vessel's name. Upon receipt of a Paris dispatch today stating that the American ship Silver Shell had fought a submarine and that the U-boat disappeared after a long fight, the department announced that the unnamed vessel in its original statement was the Silver Shell.

PARIS, June 7.—Sixty shots were exchanged by the American steamer Silver Shell and a German submarine in the Mediterranean May 30, the minister of marine announced today. The submarine suddenly disappeared. The sixty shots were fired in a running fight, according to Captain J. Charlton's report. The Silver Shell had greater speed than the U-boat.

What caused the sudden disappearance of the submarine was not explained.

The Silver Shell is a steel screw steamer of 5,836 tons owned by the Shell Oil Company of California and registered at Wilmington, Del.

WASHINGTON, June 7.—The American vessel Silver Shell, reported from Paris as having exchanged sixty shots with a German submarine in the Mediterranean May 30, is the American vessel which the navy department officially stated yesterday had sunk a submarine.

### FRENCH SHATTER TEUTON ST. QUENTIN SMASH

PARIS, June 7.—An enemy attack over a front of 600 yards northwest of St. Quentin was broken down in the French barrage fire, today's official report asserted. The Germans were forced back to their own lines badly punished.

North of Chemin des Dames the war office reported mutual artillery firing.

### U. S. FLEET IN FRENCH WATERS

Yankee Craft Act As Convoy Of Giant Wheat Ship Across Atlantic

PARIS, June 7.—American warships have arrived and are now anchored off the coast of France, an official announcement said today. Le Matin announced that the vessels conveyed from the United States a great transport loaded with wheat.

Dispatches from a French port declare the American vessels were accorded a tremendously enthusiastic reception. Here in Paris all newspapers rejoiced in this latest and visible evidence of American aid to France.

Official permission is granted today to announce that great preparations are in progress for disposition of American troops whenever they shall arrive. Camps have been surveyed and assigned, aviation parks laid out and complete details mapped out for General Pershing's expedition at whatever time in the future it may reach French soil.

### COLLIER BRINGS 10,500 TONS WHEAT TO FRANCE

WASHINGTON, June 7.—The electrically-driven collier Jupiter, laden with 10,500 tons of wheat and other commodities, has arrived in French waters, it was officially announced today.

### 2 CENT WAR TAX ON CHECKS IS PLANNED

WASHINGTON, June 7.—The Senate finance committee plans to put a two-cent tax on all checks and drafts over \$5 as a new levy in the war revenue bill. This is expected to raise ten million dollars. The committee decided to strike out the ten per cent levy on dues for social, sporting and athletic clubs, thereby dropping a ten million dollar revenue. A substitute for this may be devised later. The fifty-cent tax on indemnity and surety bonds also was dropped.

### NEW TEUTON WIRELESS 'LEAK' DATA REVEALED

SAN FRANCISCO, June 7.—Information which may prove valuable in running down the sources of supposed communication with Germany through Mexico via wireless is in the hands of federal authorities here today. George F. Haller, electrical equipment dealer, has turned over a letter he received from George F. Nolan, now in Mexico, asking quotations of a wireless set with 1,350 miles radius, delivered at Mexicali, opposite Calexico. The letter cautioned utmost secrecy. Haller refused the order.

### BRITISH SEAPLANES DESTROY FOE WORKS

LONDON, June 7.—British seaplanes carried out another successful bombing expedition yesterday over the German aerodrome at Nieuw Munster, an admiralty statement announced today.

"One shed was hit and several bombs fell close to two machines and the aeroplane," the report continued. "Our bombing machines were attacked on their return journey but returned safe."

### AUTO CRASH KILLS RICH SAN MATEO HEIR

SAN MATEO, Cal., June 7.—Francis Parrott, son of Mr. and Mrs. John Parrott, wealthy San Mateo residents, is dead, and Michael Burke and John Andraft are suffering from painful injuries today, as a result of a collision between Parrott's touring car and Burke's auto truck near Burlingame last night. Parrott was instantly killed.

### BRITAIN GETS READY FOR BIG TRADE-WAR

LONDON, June 7.—Great Britain is already preparing for the trade-war which will follow cessation of hostilities. A British trade corporation, capitalized at £10,000,000, has been formed to finance large overseas contracts after the war. It will furnish financial assistance to obtain and execute orders abroad.

### CANADA DRAFT BILL TO BE PRESSED AS COALITION FAILS

OTTAWA, June 7.—Plans for a coalition cabinet have been rejected by Sir Wilfrid Laurier, the liberal leader, it was definitely announced today. The proposal, which was advanced by Premier Borden, was rejected on the conscription issue, Laurier holding that the country should first pass on the measure.

Premier Borden will now press the conscription bill. It will probably be passed, after which parliament will be dissolved. The government will then go to the country on the conscription issue, with probably a new unionist party, led by Borden and composed of the conscriptionists of both political parties.

### STILL NOT TOO LATE TO SIGN WAR REGISTER

Huntington Beach Man Is Yet In Jail, Awaiting Federal Officers' Action

Sacramento, Cal., June 1/2, 1917. To W. B. Williams, County Clerk.

Note that under Section 40 of registration regulations you should continue to register any one presenting himself for that purpose, whether he has good excuse or not for his failure to register on June 5. Ascertain his excuse, however, and make note of same and list these where failure seems to you willful and blameworthy, but for the next few days exercise liberal policy in judging them.

State Bureau of Registration.

The above telegram was received this morning by County Clerk Williams. Just how long will be given for registration is not known here. However, since Monday is the day designated in former instructions for making a report to the government, it seems possible that Monday will be the last day of grace.

The county clerk has a force at work now upon the return from registration day. Each registration card must be copied and the copy sent to the war department. A summarization of all of the precinct summaries, similar, though more extensive, to the table published in the Register today, is to be made out and sent to Sacramento.

A list of all of the men who have registered is to be made up by precincts and will be offered to the newspapers for publication.

#### Still Refuses

Charles Decker, who was placed in the county jail yesterday because he would not register, is still in jail, awaiting action by the federal authorities in Los Angeles. He continues to refuse to register. This morning Sheriff Jackson gave Decker's mother permission to see her son, and told her that should her son change his mind and ask to be allowed to register the sheriff would use his best efforts to have all proceedings against Decker dropped.

It is known that the sheriff and some of his deputies are making an investigation into three or four reports that some man had said he would not register, and it was supposed he had not registered, has turned out upon investigation to show that the man had registered. He had talked boldly enough, but he had taken it out in talk.

### SEATTLE WOMAN SEEKS GOAT ISLAND FROM U. S.

SAN FRANCISCO, June 7.—Miss Charlotte F. Jones of Seattle wants either Goat Island or 10,000,000 from the United States Government.

Miss Jones, who is an attorney, is in San Francisco to press her claims and brings a Spanish land grant covering the island, now a government naval reservation, given her grandfather, E. P. Jones, by Juan Castro for \$1000.

### WOULD HAVE WILSON SEIZE NORTH ISLAND

WASHINGTON, June 7.—A bill was introduced in the House this afternoon asking that the President be given power to take over immediately North Island, San Diego, for army and navy aviation purposes, settlements to be made later with the claimant to land on the island.

### WAR MUST END SOON CRY RUSS

Soldiers and Workmen Want U. S. to Do All Possible to Bring Peace Soon

PETROGRAD, June 7.—The Russian Workmen's and Soldiers' Council wants America to do all possible either by arms or otherwise to bring about an early peace, and if the fruits of the revolution are to be a blessing to the down-trodden people, peace must come soon, chiefs of the council said in an interview to the United Press today.

LONDON, June 7.—A great explosion and fire, the result of an accident in the harbor, has occurred in Petrograd, according to a Copenhagen dispatch today. A huge quantity of explosives received from England blew up. Many persons were killed and injured.

### SOLONS WARNED OF FOOD SUPPLY CRISIS IN U. S.

Congress Must Protect American Stocks From Allies, Congress Admonished

BY ROBERT J. BENDER

(United Press Staff Correspondent)

WASHINGTON, June 7.—Congress must protect the American food supply from her allies.

With this warning from both President Wilson and Herbert Hoover, new food administrator, leaders of both parties turned to the food problem again today as the most pressing difficulty ahead of the nation.

England's clamors for more food are growing louder, while the prices in this country climb higher and the laboring man's demands for governmental action to reduce the high cost of foodstuffs becomes more insistent.

President Wilson told Republicans and Democrats that ample powers must be given the food control department or the allies will be coming to this country, bidding for American food and hoisting prices out of sight.

Hoover says adequate machinery must be set up at once to see that American markets aren't raided and prices forced to a point of embarrassment to the American people.

"We must," he said, "protect ourselves from our allies in order to protect our own people and at the same time to do all justice by the allies and all the service for them that we can."

Both the president and Hoover insist the power of absolute requisition must be behind the food department.

Pressing demands from the allies for everything the United States can furnish, coupled with urgent appeals from the people of this country for action on the food question, is spurring action on the bill. Already, for the sake of speed, the House Agriculture committee has struck out of its bill certain features that would stimulate long debate on the measure—authority to fix maximum prices and to standardize certain foodstuffs.

### GALES IN 4 STATES KILL 32, INJURE 200

CHICAGO, June 7.—Thirty-two persons were known dead today and 200 injured as the result of tornadoes sweeping four states Tuesday night and yesterday. The property damage was estimated at \$2,000,000 to \$3,000,000.

In Michigan three persons were killed and thirty injured by a tornado which swept the southern part of the state yesterday. The property loss was estimated at \$1,000,000.

Five persons were known to have been killed and a score injured by a tornado which struck Bevier, Ky., late yesterday.

A series of tornadoes in Missouri and Kansas Tuesday night and early yesterday took a toll of fifteen lives in the former state and nine in the latter. The injured number more than \$150. The damage was believed to exceed \$2,000,000.

# MARTIN BUILDS AIRCRAFT FOR UNCLE SAM

## Mother of Manufacturer-Aviator Returns From Seven Months In New York

Bringing the word that her son, Glenn L. Martin, the aircraft manufacturer, is head over heels in business having to do with meeting government orders for aircraft supplies, Mrs. C. Y. Martin returned last night from a seven-months' visit with her son in New York.

The former Santa Ana is one of the big guns of the aeroplane makers, whose work, now that the United States is at war, is of tremendous importance. He is vice president and head of the aeroplane department of the Wright-Martin Aircraft Corporation, organized nearly a year ago in the merger of the Wright and Martin factories and the Simplex automobile works. During two months this spring, Martin was acting president of the company, during which time his duties were more than doubled.

The company is busy with its government work. Just before the United States was drawn into the war, the corporation accepted a contract for supplying 650 Simplex Hispano-Suiza motors to the French government. When the United States became involved, the corporation made an arrangement whereby the order was reduced to 400, so that the works of the company could be turned upon the making of aero motors for the United States.

The former Martin factory in Los Angeles is a part of the corporation's property.

Glenn Martin will come to the coast about July 1 for a brief business trip, after which he will return immediately to New York. Mrs. Martin states that her son is in excellent health. She enjoyed good health while away. She left New York on May 12 and stopped for visits with friends and relatives at Des Moines, Ia., Salina, Kan., McLouth, Kan., and Woodward, Okla.

# GENERAL PERSHING DEMON FOR DETAIL

WASHINGTON, June 7.—Someone once said that genius is a matter of detail. If that someone was right, then Maj.-Gen. John J. Pershing, who will command America's first expeditionary forces in France is a military genius. He is a regular demon for detail.

An inspection is a military formality not popular in the army, and an inspection by Gen. Pershing is always anticipated with fear and trembling. "Thorough" hardly describes it. Last September Gen. Pershing conducted an inspection of 3,000 troops stationed at the base of the Mexican punitive expedition in Columbus, N. M.

It occupied five hours and when completed the General knew the fitness for immediate field service of every man in the command.

"Shave off those decorations," was a frequent order to those cultivating beards.

Dirty rifles aroused the General's ire. "That's a fine looking instrument. Been using it for a hoe have you?" he would ask.

Down the line he went, his eyes taking every detail. "Take off your uniform when you sleep," he would snap. "Don't you ever wash those pants?"

Without stopping to eat or for a moment's rest, he kept at his task through the infantry, the signal troops, the ambulance and the hospital units and along the long line of motors and drivers in the truck companies and the aviation corps.

Pershing knew what he had in men and equipment every minute he was in Mexico. And he saw that his men

lacked nothing. And so in France he will know every minute what he has in men and equipment and he will see that they lack nothing to make them efficient soldiers. For Pershing, in the phraseology, is "a hound for detail."

## NORTHCLIFFE, BALFOUR SUCCESSOR TO FOREGO ORATORY AND DINNERS

BY ED L. KEEN  
(United Press Staff Correspondent)  
LONDON, June 7.—Lord Northcliffe is coming to the United States for business. He is not coming on a speech-making and banquet tour, but will start his work at once in an office in downtown New York.

This is his own idea of his post as successor to Foreign Minister Balfour at the head of the British war missions. He explained his plans in an exhaustive interview granted the United Press, just prior to his departure and which it is permitted to publish today, now that England's famous publicist and publisher is about to arrive in America.

"I am not coming on a speech-making or banqueting tour," Lord Northcliffe declared. "I propose taking offices downtown in New York, where I can confer on the many business interests involved in the British and allied missions.

"The high honor conferred upon me by the British government is probably due more to the fact that I am very much at home in America and have countless friends there than to any particular merit of my own.

"I am hopeful not only of imparting any war lessons which I may have learned from many visits to the war front to my American friends, but also to derive ideas which are certain to be evolved by American natural genius for invention."

## CONTINENTAL MOVIE FOLK LEAVE ORANGE

ORANGE, June 7.—W. J. Ferrabee has taken possession of Hotel Rochester and the place is now open for business. Ferrabee is undecided as yet, but may run the dining room in connection with the hotel.

The remaining members of the Continental Film Company who have been here for the past several months, will leave this week for Culver City, where it is said they have negotiated with the Culver City people to erect a studio for the new company, which will be styled the Photoplay Company.

## BRAZIL GETS TEUTON PROTEST ON SEIZURES

RIO DE JANEIRO, June 6.—Germany's formal protest against Brazil's seizure of interned German vessels in her ports was received today.

The imperial government expresses great surprise that this action was taken without a declaration of war.

Foreign Minister Pechinho expected to answer the note tomorrow. It was authoritatively stated that he will merely cite full precedents for Brazil's action and will refuse to be drawn into a controversy.

## MAC MILLAN EXPLORERS FIND COAL DEPOSITS

NEW YORK, June 6.—Large coal deposits and a wonderful big game country were discovered by the MacMillan exploration party at Crockerland expedition in exploring Finlay Land, according to MacMillan's report to the American Museum of Natural History here today.

This is the first account from the party since it left New York in 1913 and had been given up for lost after two relief parties failed to find it.

Finlay Land was first sighted in 1853 by survivors of Sir John Franklin's last Polar expedition, but it had never been explored by man until MacMillan set foot on it.

## U. S. AND ALLY FLEETS DEFEATING U-BOATS

LONDON, June 7.—Fifteen vessels of 1600 tons or more and three under that size were sunk last week, the losses during that week having been the smallest suffered by Great Britain since the beginning of the German U-boat warfare. Two thousand six hundred ninety-three vessels arrived and 2641 sailed.

# NEW POLY ARIEL OUT TODAY IS BEAUTY WORK

With 132 pages of carefully edited, attractively illustrated and beautifully printed pages, the 1917 edition of the Santa Ana Polytechnic High School's annual, the Ariel, is off the presses today.

Perhaps never in the history of local high school publications has there appeared a more artistic and tasteful edition of the Ariel. An immense amount of work, well-directed throughout, went into the composition of the book and the resulting product is something of which any preparatory school in the country might well be proud.

Extensive departments are given over to the alumni, seniors, juniors, sophomores, freshmen, the Ariel staff, editorials, faculty, organizations, oratory and debating, society, athletics, notes, exchanges, drama and "joshes." A commendable standard of literary excellence has been maintained throughout.

A handsomely embossed cut of the American flag and the Star Spangled Banner, used as a dedication for the book, strike a patriotic note in the first pages, showing conclusively that the high school students are as much alive as anyone in the nation to the tremendous crisis through which the United States is passing.

Essays, verse, fiction and humor are contributed by Fred Forgy, Elvira Lamarque, T. Moyle, Jewell Hickox, Iva L. Webber, Orla Fitch, Corrine Skiles, Mary Blake, Violet Wiesseman, Mercedes Crownover, M. Lillian Martin, Luella Neff, William Taylor, Christine Watson, Dee Chase, Berdella Stark, Paul Bruns, Ruth Violet, Gertrude Alton, Katherine Beswick, May Sexton, Mary Covington, Robert A. Haven, Muriel McPhee, Doris Bowen, Louise Utt, Allen Morrison, Mildred Stauffer and a number of anonymous writers.

Especially mention must be made of the little humorous drawings made by one signing himself "C. S." The pen and ink skits show not a little appreciation of the grotesque, as well as the ability to set forth delightfully foolish notions in a few, swift, deft strokes.

The decorations and tail-pieces in this year's edition of the Ariel are quite artistic.

To the workmanship done in the offices of the Worden Printing Company of this city goes the credit for the splendid typographical appearance of the volume.

## FEW IDLE STUDENTS AT THE UNIVERSITY

BERKELEY, June 7.—There are few idle students of the University of California this year.

A recent inquiry made by the University authorities showed that of one Greek letter society with thirty-six undergraduate members, only two were idle, both of whom are freshmen. One member was driving a motor ambulance in France, four are at the Presidio training camp, while all other members within the age limit had applied for admission; one is running a boarding house, two are attending summer school, ten are selling insurance, collecting bills, working in factories or at newspaper work. Another fraternity had six out of thirty members in the officers' reserve corps, five drilling aviation students at the university summer school, one studying to enter West Point, one a drill-master, six on farms, one clerking in

a store and two in engineering camps. The occupations of five are unknown.

## SAVANTS 'DO BIT' BY GIVING WAR LECTURES

BERKELEY, June 6.—By spreading accurate information on the international problems of the day—particularly those growing out of the war—the historians of the University of California hope to be able to "do their bit."

Co-operation with the University Extension Division, the historians have offered their services to lecture, without any charge excepting traveling expenses, and now are ready to arrange dates.

## MORE MONEY IN GRAPES FOR STOCK FEED THAN FOR WINE PURPOSES

BERKELEY, June 7.—That with wine grape prices as they rule at present and the present abnormally high grain prices, vineyardists in many instances would be making more money by feeding their dried wine grapes to stock in place of half of the grain ration, according to the result of experiments at the University of California. A plot of two and a half acres of grapes grown by the university at the Kearney experiment farm yielded \$200 worth of grapes per acre when used for stock feed.

# Liberty Loan Bonds The Work Before Us

The world's war has been extended into  
**YOUR home!**

The war **MUST** be won!

Every American must do his part!

**Two billion dollars must be raised by June 15!**

This country is not going to fight the war with dollars only, but it can not fight the war without dollars—without the two billion dollars now asked for and without a good many more billions before the job is finished.

It has been frequently emphasized in the last month that the people of the United States are not aware of the tremendous proportions of the task on which the nation has embarked. It has been said that they are blind to the sacrifices that must be made and to the fact that success can not be had unless every individual is brought to a keen realization of the fact that it is HIS war and that he must do his bit if liberty is to be secured for the nations of the world and humanity is not to give way to barbarism.

Seven Billion Dollars has been voted, out of this amount Two Billion Dollars is now needed, which means that every man, woman and child in the United States should furnish Twenty Dollars and Santa Ana's share of this present call amounts to \$300,000.00. This amount should be forthcoming before the subscription books close June 15th, 1917. Bonds are issued as small as \$50.00 and payable in installments. ## P. E. EXTENSION ANSWER TO BE DEFINITE ON FRIDAY

Officials Coming Here Tomorrow For Conference With E. D. Burge of Tustin

Whether the Pacific Electric will extend its line from Santa Ana to the new \$10,000 packing house being built on Lyon street by E. D. Burge, will probably be known definitely tomorrow, and if the company wants to handle the business the packing house will develop, its answer will be yes.

Pacific Electric officials will be here tomorrow for a conference with Burge and to decide whether or not they want to extend the line, with possible extension to Tustin in the near future.

Operations at the new packing house will start about July 1, and in order to get railroad transportation by that time, decisive action will have to be taken pretty soon.

The route the P. E. will follow in reaching the packing house should it conclude to extend its line, has not been definitely settled. According to Burge, Sixth street and Chestnut avenue have been discussed. The Chestnut route would be the most direct, connecting the P. E. line to Huntington Beach.

That the Pacific Electric has plans for extension in Orange is evidenced by its application for a 50-year franchise over the streets of that city. An ordinance granting the company a franchise was passed by the Orange Council some weeks ago and covers Lemon, West Chapman, Maple, Cypress and Collins avenue.

There is considerable speculation at Orange as to what the company plans under its franchise, and the belief prevails in some quarters in Orange that the company contemplates a line to Olive thence to Tustin by way of Villa Park and El Modena.

A Southern Pacific official said today that higher-ups state that there is no probability of such a line being built, and that when the company extends its line from the present terminus on Lemon to Southern Pacific branch to Tustin it will have about completed its plans of extension work in that immediate vicinity.

The franchise calls for the starting of work within four months after its granting and just why the P. E. asked for privileges on West Chapman, Maple, Cypress and Collins avenue is a question that puzzles the laymen.

The right to lay tracks on Cypress avenue is probably requested for use in extending the line to the Southern Pacific tracks. The company's depot will be located at the corner of Lemon and Chapman and it is the general opinion that the line will veer from the corner to Cypress and that the tracks for the extension will be laid on Cypress and Aitchison streets.

## NO LET UP IN DEADLY STRUGGLE BETWEEN 2 SECTIONS OF CHINA

BY RALPH H. TURNER  
(United Press Staff Correspondent)

TOKIO, June 7.—The anniversary of the death of Yuan Shi Kai, first president of the republic of China, found China divided into two distinct governments, with the intestine struggle between the northern and southern parts of the country unabated.

President Li Yuan Hung firmly maintains his opposition to the division of the country and continues to urge Wang Shi Chen, chief of staff, to accept the premiership and to attempt to bring the warring factions together.

Peking today received a protest against the Tucsans from the leaders of the provinces of Yunnan and Ezechuan, both of which are looking to the United States for aid. They suggest that Li Yuan Hung form a new cabinet with Dr. Wu Ting Fang, former Chinese minister to the United States, as head, hoping thus to gain American support.

General Feng Kuo Chung has spurned the advances of militarists and today announced his unwavering support of the President. He is making a strong effort to mediate and has proposed that Li Yuan Hung be petitioned to dissolve parliament and take steps to punish the Tucsans. The latter fear the growing strength of the South China factions. Wu Ting Fang issued a statement pleading for a peaceful solution and declaring that foreign interference in the affairs of China is likely.

## MERCHANTS CARNIVAL TO BE HELD SUNDAY

SEAL BEACH, June 7.—The business men of Seal Beach will hold a merchants' carnival next Sunday, for which elaborate preparations are being made. Every merchant in the city will be appropriately represented in a home-town parade headed by the Seal Beach Clown Band.

After the parade the band will give a concert on Seal Way, accompanied by clown stunts and other frivolities. This will conclude the special afternoon festivities except as to dancing, bathing, etc. In the evening there will be a band concert and a wonderful display of fireworks.

The formal opening of Seal Beach Tent City will also take place next Sunday.

## CONVENTION IS MEETING HERE

Woman's Home Missionary Society of San Diego District Gathers Here

The Woman's Home Missionary Society of San Diego district opened its twenty-fifth annual convention this morning at the First Methodist church with the largest number of delegates in its history, about sixty being registered. After being charmingly and cordially welcomed for the Santa Ana society by Mrs. S. M. Davis, Mrs. Byrkit of Riverside fittingly responded.

The morning's program was filled with news from some of the fields occupied by these earnest women.

Religious, educational, charitable and medical work is bringing the influence of Christian civilization to our Indian neighbors in Arizona.

The Japanese Home in Los Angeles cares for children and gathers groups of women for instruction by a devoted and capable native worker.

From San Diego Industrial Home came a report of comfort and hope brought to many needy and discouraged.

As a pleasing climax to this opening session came the quick raising of a perpetual membership for Mrs. C. W. Burns and a life membership in Mother's Jewels for the baby grandson of Dr. E. J. Inwood, former pastor of the hostess church.

This evening's program is as follows: 7:30, devotions, Rev. H. W. Peck, D.D.; music; address, "Under the Palms in Porto Rico," Rev. B. S. Haywood, D.D.; offering; benediction. The public is invited.

## MAN'S THREE FINGERS BLOWN OFF BY GUN

EL MODENA, June 7.—Harvey Davidson, 22, a laborer, is missing three fingers on his right hand in an accident in the Santiago creek.

The explosion of a shotgun while his hand was over the end of the barrel shattered his hand.

Davidson came from Imperial valley about two weeks ago and has been employed in El Modena. He was hunting in the creek bed, carrying a Winchester repeating shotgun. He was leaning on the muzzle of the gun when it was accidentally discharged. Just what caused the accident is not known.

Davidson was brought to a physician and his wound dressed. Unless complications set in, his injury is not expected to be serious.

—but this town is not big enough in which to do business on the ONE SALE ONLY basis.

I must sell tires again and again to the same people.

On this principle my business has grown because I sell a tire that cuts down upkeep to a fair and reasonable figure.

People ask how far will this tire run? I tell them we rarely see a Diamond that won't go five thousand miles. Yet Diamonds are PRICED on a basis of only three thousand five hundred miles.

There is no "velvet" in the price, but plenty of "velvet" in Diamond mileage.

We carry a complete line of sizes in stock and can fill your tire wants immediately. If you can't come, telephone.

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

## NOTED CHINESE U. C. STUDENT IS KILLED

BERKELEY, June 6.—Eugene H. T. Chen, mining engineer, and graduate of the University of California, lost his life in a forest fire in the province of Yunnan, China, according to information received today by the University Alumni secretary.

Chen was probably the best known Chinese graduate of the University of California. While here he married Miss Lucy Kong. He went to China immediately after his graduation. The alumni secretary's information says the forest fire in which Chen lost his life is believed to have been started by Chinese brigands.

## JUNE 13 NAMED DATE OF CO. L BENEFIT GAME

Announcement was made today by W. H. Spurgeon that the Company L benefit baseball game between teams composed of Santa Ana High School faculty and Merchants and Manufacturers' Association members would be played on June 13.

The game will be started at 3:30 p. m., Spurgeon announces.

It is planned to enlist the services of local Boy Scouts as ticket sellers for several days prior to the game.

Spurgeon states that competition for positions on the Merchants' team is so keen that it probably will be impossible to announce a line-up until just before the contest starts.

What players are in prospect for the M. and M. team is being kept a profound secret. A battery composed of Sam Stein and J. C. Horton is being mentioned. R. L. Disby is said to be a possible candidate for the job of water boy. William (Laughing Bill)

## SOURCE OF PRIDE

Pride may well be taken in the splendid showing of patriotism displayed by the citizens of Orange County upon registration day, as evidenced by the loyal response to the call of the government. That the registration was far beyond expectations and that it was made without the slightest trouble is evidence of the splendid American spirit of our people.

Here and there is a slacker. That, however, was to be expected. There are always exceptions to the rule. Should someone offer to give \$10,000 to every man who registered upon a certain day, there would be some few who would not awaken to the opportunity until the day went by.

When the time comes for response to the draft, Orange county's young men will accept the call of the nation with loyal hearts and unflinching courage. We will know no distinctions between the sons of the laborer and the man of wealth. Each will go forward where duty directs, side by side in this war for the perpetuation of the rights of America upon the earth.

This is not a rich man's war, nor yet a poor man's war. That is demonstrated without conscription. All over the country the sons of men of wealth are enlisting. The conscription plan is one of democracy, and under it the young men of Orange County stand in equal light with the young men of any county in New York or Texas or any other state of the Union.

The response everywhere has been one to put confidence in the success of the conscription plan. In some places the shouting of a few before registration day was made to sound like the roar of a mass. Registration day dispelled rumors of riots. Here at home we had no rumors, no disturbance, either before registration day or upon that day. We did our part efficiently, smoothly and loyally, and we may well be proud of the way registration was handled by our volunteers and of the way our young men responded to the call.

## BOTTLED LIGHT

A wonderful advance in lighting methods may be forecast in the announcement of an invention by a Pittsburgh engineer and manufacturer, named Ethan I. Dodds. He is reported to have solved the mystery of the firefly and worked out a method of making big, practical fireflies of his own.

The "lightning bug" has always been the envy of scientists because it produces light without heat. But how it makes the light has never been satisfactorily explained. Mr. Dodds says that it simply absorbs daylight or sunlight and lets it out at night according to its needs.

He spent several hundred thousand dollars analyzing the firefly's light plant, isolating the particular element that catches and holds the light, combining that element with radium and applying it to his own use. The final result is a glass bulb coated inside with a whitish substance, enclosing an inner bulb, with a vacuum between the two, after the manner of a thermos bottle. He holds this double bulb in the sunlight or sticks an incandescent lamp inside it for a few seconds, and then it gives out a steady, cold light which doesn't wholly fade for several hours.

Now that Mr. Dodds has his artificial firefly, he doesn't know what to do with it. He says the government may have it if it wants it. He thinks it would be useful in submarines, where electric power must be carefully conserved. His idea is to rig up incandescent lights inside his bulbs, arranging them so that they would flash for twenty seconds out of each hour. That, he says, would suffice to store the bulbs with power to emit continuously nearly as much light as the incandescent lamp would if turned on the whole time.

This is simply "bottled light." If his light bottles can do what he claims for them, and if they are not too expensive to make, we may eventually be using them to light our houses with.

## With Malice Toward None

By Henry James

Saluting the Flag

Not long ago a Los Angeles kid was spanked and sent from school for refusal to salute the flag. The treatment he received was an inappropriately only because of its moderation.

Notwithstanding the fact that the punishment was deserved, an indignant crowd of women visited the school board to protest. The main spokesperson was Mrs. Tululoo Hicks. To name any helpless child Tululoo is far greater evidence of brutality than lies in the use of the corrective paddle later; but this is a digression.

Mrs. Tululoo and her pals were certain that to teach a child to be patriotic was an outrage. In this she was vociferously backed by a Mrs. Smith, who talked in a most ladylike manner about cutting somebody's throat.

Vastly impressed and intimidated, the board resolved unanimously that any child refusing to salute the flag should be expelled. In response to this the raging reds threatened to start schools of their own. But they won't. Schools for the teaching of treason are not being encouraged now.

The matter is not serious at all. Comparatively few aliens train their children to hate the land of liberty, and deporting these would be easy.

## The Blind Producer

A man desirous of putting on a play says that he has combed California for a pretty girl and hasn't found any.

Anybody who has eyes cannot walk the streets of any California town without seeing a flock of pretty girls. What does a blind man know about scenic effects, anyhow?

## The Wrong Side

"Bar Hickey from Jail" is the caption over an item concerning a fellow charged with mulching prisoners on pretense of being a lawyer. There had been much indignation over such swiping of a legal prerogative.

To the unbiased judgment it appears that when the bars went up the enterprising Hickey should have been on the other side of them.

## Pity the Poor

In an allegation setting forth the wrongs of which she had been the victim, a movie actress declares that instead of being permitted to profit by her playing she was allowed only a paltry thousand dollars a week.

## The poor thing!

## Reformed

There is one taxicab chauffeur who has quit running over people, at least for the present.

His latest venture of the kind cost him six months in a place where there is no use for gasoline save as a reformatory agency directed at the activities of insect life.

## Winning New Fame

It used to be said of a certain brew that it had made Milwaukee famous. Treason seems to be brewing up there now.

## The Stockholm Convention

People who openly scorn the flag of their country, calmly assume to gather at Stockholm and decide the fate of flags generally.

## Some nerve!

There will be no Americans among those present, for a passport is as necessary as nerve.

Doubtless at the withholding of the passports the raiser feels outraged again, the gathering being one of his pet schemes.

## Quite a Loophole

Baseball has found a loophole in the Sunday blue laws of Iowa.

That opening ought to give space for almost anything to slide through.

## Thanked

Newspapers have been thanked by the state department for suppression of the details of the sailing of the French commission.

Newspapers would show an equal consideration every time if placed on honor by absence of a gag law.

## Bissing

Brute Bissing left a memorandum stating that the retention of Belgium was necessary on account of the next war with England.

The nations of the earth are now intent upon making that next war or any other war impossible.

As to Bissing, no matter what he said, although it really is regrettable that he did not live to be hanged.

## Wheat

Farmers used to dream longingly of dollar wheat, and now they desire the price fixed at \$2.50.

Well, better let the farmer have it than to let it go to the gamblers.

## LIBERTY LOAN FACTS

## The Liberty Loan Is Tax Exempt

The Liberty Bond is free of all taxes, Federal and State (except estate and inheritance taxes).

What does this mean for the rich man? The proposed income tax now before the Senate adds heavily to the existing income tax. For example, the recipient of a total income of \$100,000 must make a cash payment of about \$15,870. If his entire principal is invested in the Liberty Loan at 3½% free of tax, he will receive as large an income as though his entire principal is invested in taxable securities to yield 4.16%. To the extent that his income above \$80,000 is subject to the proposed maximum rate of 25½%, he will receive as large an income by investing in the Liberty Loan as though the equivalent amount of principal were invested in taxable securities to yield 4.70%.

What does this freedom from taxes mean to the man who wants to buy a \$100 bond?

The proposed income tax will apply to all single men whose incomes are over \$1000 and to all married men with incomes over \$2000. When you realize that every street car conductor and every laborer who has steady employment is getting \$1000 a year, you can see how far this tax will reach.

If everything that he gets over his salary is invested in Liberty Bonds, he will practically have no statement to make to the Government, and no payment to make.

UNMERGER SUIT HOLDS  
UP AN INVESTIGATION

SACRAMENTO, June 7.—Whether the investigation into the adequacy of depot facilities maintained at Sacramento by the Southern Pacific Railroad Company is to be postponed until after the unmerger suit of the government against the Southern and Central Pacific railroads is decided, is one of the questions which was considered today by the railroad commission at a session of the hearing held here. Several postponements on request of the Southern Pacific and the Sacramento Chamber of Commerce already have been granted.

OIL PLANT BOMB PLOT  
FOILED; GUARD HURT

MARTINEZ, Cal., June 7.—A plot to blow up the Shell oil works was frustrated early today and a guard wounded when a German was discovered by searchlight. The man was attempting to place a bomb.

## SCIENTISTS GET DEGREES

NEW YORK, June 7.—Honorary degrees of doctor of science was bestowed on George Ellery Hale of Mount Wilson solar observatory, Pasadena, and upon Guglielmo Marconi, wireless inventor, by Columbia University. Dr. Wellington Koo, Chinese minister to the United States, received the degree of doctor of law.

## CAPTOR, CAPTIVE MEET

WASHINGTON, June 7.—For the first time in fifty-five years, J. W. Harris of Hazelton, Pa., a member of the Sixth Pennsylvania Cavalry, met R. H. Gatlin of North Carolina, a survivor of Stonewall Jackson's corps. Harris was captured by Gatlin on June 2, 1862. They met at the Confederate reunion here.

## JOFFRE U. S. WAR GODFATHER

PARIS, June 7.—American and British army leaders in Washington styled Marshal Joffre "the godfather of the American army" at the time that he took a leading part in the formulation of the plan of organization for the new American army, says a semi-official note issued here.

## JAPS TO MAP POLICIES

TOKIO, June 7.—With the tentative title of diplomatic investigation committee, the new national committee for discussion of the foreign policies of the empire has been installed in the palace under the direction of Emperor Yoshihito.

MONTH'S PATROL WORK  
DONE BY U. S. FLEET

LONDON, June 7.—Virtually assimilated into the machinery of the British navy in the task of hunting German submarines, the American destroyer flotilla has completed its first month of service "somewhere in Europe." The weather has been excellent, facilitating the Americans' learning the ins and outs of the work. A destroyer is out for four or five days and in port for two or three to coal and provision. There has been no actual battle up to now between an American destroyer and an enemy submarine.

SAN FRANCISCO, June 7.—Fearing that he would have to shoulder a rifle and fight his own brothers, Otto Jappsen suicided this morning.

EBELL CLUB CONSIDERS  
ARMY CAMP PROBLEMS

LOS ANGELES, June 7.—What women can do in a concrete way to aid Uncle Sam and Uncle Sam's soldiers in the war was discussed at a special meeting of the Ebell Club here today. Realizing that important problems will arise with the concentration of vast numbers of soldiers in army camps and that it is to be part of women's work to help solve these problems, the meeting gave serious consideration to what should be done. Assistance to the Y. M. C. A. in its work among the soldiers, the sending of a committee to the army camp at Santa Anita as well as other suggestions were taken up.

EXTRA CROPS IN OHIO  
WORTH \$1,000,000

COLUMBUS, O., June 6.—Ohio's systematic method of tackling the food problem, has resulted, it was announced today, in 500,000 backyard gardens being started. This puts 25,000 additional acres under cultivation and assures an extra crop worth at least \$1,000,000.

## BRIDGE LUNCHEON

**Mrs. O. H. Egge Hostess For  
Mrs. J. B. Bell of Loveland,  
Colorado, Yesterday**

One of the charming social events of the week, sponsored by Mrs. O. H. Egge at her home on Bush street, was given in honor of her house guest, Mrs. J. B. Bell of Loveland, Colo. At the dainty 1 o'clock luncheon, Mrs. Egge carried out the patriotic keynote with a center piece of red, white and blue flowers, from which noated tiny silk nags, and the place cards held patriotic emblems.

Mrs. Egge was graciously assisted by Misses Elsie Wingood and Bessie Wood.

The afternoon hours were happily passed with auction bridge, the pretty trophies going to Mrs. D. L. Parker of Anaheim and Mrs. H. S. Kittle. The guest prize was awarded to the guest of honor, Mrs. Bell.

Besides the hostess and honoree, covers were laid for Mrs. A. W. Rutan, J. I. Clark, C. V. Davis, H. S. Kittle, L. L. Whitson, W. A. Flood, J. P. Hatzfeld, C. D. Holmes, Carl Strook, D. L. Parker of Anaheim and Mrs. Shuey of Iowa.

Fraternal Aid-Union Meeting  
The Fraternal Aid Union held its regular meeting in the Modern Woodmen hall last evening with a good attendance. I. W. Lee of Los Angeles was present and spoke to the lodge. It was voted that the lodge buy two Liberty bonds, thus showing its patriotism.

The lodge is preparing for a big meeting on the third Wednesday in June, when it will entertain the Mount Pleasant lodge from Los Angeles, also members of the Centralia and Tustin lodges.

The committee on entertainment served ice cream cones after the business session.

The ladies of the First M. E. church met for their all-day meeting yesterday at the church. The Aid Meeting was held at 10 a. m. with a good attendance. The different secretaries reported a great amount of work done, calls made and bouquets given the sick and shut-ins.

It was voted to hold the next meeting as a picnic at Birch Park the first Friday in July.

A sumptuous lunch was served in the dining room at noon. The Woman's Home Missionary Society met at 2 o'clock, with Mrs. C. W. Burns in the chair and thirty ladies present. Mrs. Jewel, conference secretary of evangelism, was present and spoke on need of prayer and great need of an evangelist secretary.

The following officers were elected for next year:

President—Mrs. C. W. Burns.  
First Vice-President—Mrs. W. O. McLeod.

Second Vice-President—Mrs. P. A. Robinson.  
Recording Secretary—Miss Collins.

Corresponding Secretary—Mrs. E. Lee.

Pupils' Recital

A musicale of rare interest and enthusiasm was given by the piano pupils of Mrs. Anna Hewitt recently at the home of Mrs. Bert McIntyre, 617 East Fifth street.

The floral decorations of the home added a charm to the scene of bright young people, who so splendidly rendered each number to the applause of parents and friends assembled.

The marked progress of the pupils was in itself a compliment to their application to study and also to the patience and ability of their instructor.

After the program, various games were indulged in by both parent and child. All voted it a most enjoyable affair.

## NAVY LEAGUE LUNCHEON

**Steps Taken at Household  
Economics Meeting to Form  
Auxiliary Chapter**

Steps were taken yesterday afternoon at a luncheon given by Household Economics Class No. 2, to form an auxiliary to the Los Angeles chapter of the Navy League. Nearly all of the eighteen members present signed the league pledge and will meet later to form the chapter.

Luncheon was served at 1 o'clock yesterday at the home of Mrs. J. N. Bartholomew on North Broadway, the prettily appointed table being centered with a red cross, in the heart of which spread a miniature lake with a tiny hospital ship floating on its bosom. The place cards were hand-painted sailor lads and Red Cross nurses and the appetizing luncheon was served by four Red Cross nurses, Mrs. R. C. Peterson, Howard Turner, Frederick Eley and Miss Ava Wells. Red Cross and Navy League emblems were seen throughout the four-course menu.

The Woman's Missionary Society of the United Presbyterian church sponsored a delightful afternoon at the beautiful home of Mrs. S. H. Finley on East Fourth street yesterday, with about fifty ladies in attendance, Mrs. J. G. Kennedy presiding.

After the devotional service, and a short business session, the program leader, Mrs. J. T. Raitt, announced that as the subject of "World Peace" had been studied for the past months, that they had arranged for a debate on the subject, "Resolved, that war advances rather than retards the Kingdom." The affirmative was taken by Mrs. J. R. Baker and Mrs. J. B. Stewart and the negative by Mrs. M. T. Tidball and Mrs. J. T. Raitt. Both sides presented splendid arguments and brought out many good points. The judges brought in a decision for the affirmative.

The debate was interesting and instructive, and it was a difficult matter to decide who produced the best arguments.

A very pleasant social hour was enjoyed during which Mrs. Finley served delicious strawberry short cake with whipped cream. The next meeting will be with Mrs. D. L. Anderson.

Catholic School Closing Exercises

Commencement exercises, closing the first school year of St. Joseph's, will be held at 8 o'clock this evening. The program will begin at 8 o'clock and will include musical selections, recitations and the dramatization of "Dottie's Dream."

An address will be given by Very Rev. Theophorus, O. S. M., of Los Angeles. Presentation of diplomas and conferring of honors will be made by Monsignor H. Eummelen, pastor of St. Joseph's Church. Several other priests will be guests this evening.

The opening of the school here was greatly appreciated by the people of Santa Ana, as the Sisters are always a great power for good in any community. While the school has been more than ordinarily successful for the first year, much more is expected of it next year.

The Sisters will spend the summer at the Mother house at Eureka, making the trip north with the Sisters from Brawley.

Mr. and Mrs. Jack Palmer, Mr. and Mrs. Walter Eaton, Misses Mary and Eunice Whipple, Hazel Stockslager, Zoe Vanderlip, Adeline Hill, Frances and Gertrude Potts, Virgil Potts, Alice Waiser, Marguerite Wallace and Zelma Sturgeon; Messrs. Leon Dickey and Clifford Potts, made a jolly party to Balboa last evening.

The outing was given in honor of Miss Eunice Whipple, who is leaving soon for her home in Cleveland, Ohio, after spending a year here.

A bounteous supper was spread, Walter Eaton, being a camping expert, having charge of the hamburgers.

Emma Sansom Chapter Hostess

The Emma Sansom Chapter, U. D. C., will entertain members of other U. D. C. chapters of Southern California Saturday afternoon at 2 o'clock at James' gold room. All the members are urged to be present.

—O—  
Class Honors Miss Thomas

The members of the class of 1917 of the Santa Ana Hospital, with which Miss Marie Thomas graduated, were hostesses at a charming dinner at James' last evening at 7 o'clock. Miss Thomas was to be one of the popular June brides on June 27. The groom is Walter Schlack of Seattle.

The four-course menu was delightfully served, the table decorations being in yellow, the same tint prevailing in the chrysanthemums on the place cards.

Besides the complimented guest, covers were laid for Miss Katherine Rutherford, matron at the Santa Ana Hospital; Misses Alice Wood, Gladys Case and Bessie Walkinslaw. After dinner the party saw "Womanhood the Glory of the Nation," at the West End.

—O—  
Surprised Old Soldier and Wife

An invading army entered the home of Mr. and Mrs. J. L. Field yesterday and celebrated their fifty-sixth wedding anniversary.

A pleasant evening was spent getting better acquainted with this beloved couple. Refreshments of home-made cake and coffee were served, after which all sang "Blest Be the Tie that Binds." A prayer was made by Rev. Rosset and good nights were said, wishing Mr. and Mrs. Field a long life yet to live and much happiness.

Those present were Rev. F. P. Rosset, Mr. and Mrs. J. L. Field, Mr. and Mrs. Geo. Gall, Mr. and Mrs. Perry, Mr. and Mrs. Hasty, Mr. and Mrs. L. A. Ludwig and son, Mr. and Mrs. Fowles and two children; Mmes. Fay, Brunton, Park, Pavich, Cowlin, Bingle, Tidball, Holland, Cade, Burgess and son and Fillard.

POMONA NAVELS SHIPPED  
The last of the navel orange crop for the season will be in the packing house of the Pomona Fruit Growers' Exchange by Wednesday night, and the belief is that the last of the packing will be on Thursday, says the Pomona Progress. The fruit will be put in pre-cooling for a few days and then sent to market, where conditions are now first class. The packing of seedlings and sweets and other varieties of oranges will occupy the attention of the Exchange till the middle of next week.

## COAST SECTOR OPENS UP NEW ROUTE TO AUTO

Seal Beach End Be Passable  
When 600 Feet of Sand  
Is Covered

The new coast road between Seal Beach and Huntington Beach will soon be open for travel. The county has completed its portion of the road, and there remains but 600 feet of sand inside the city limits of Seal Beach before this stretch of road, bound to be popular, is open to the public.

"The road from Huntington Beach to the city limits of Seal Beach is in splendid shape," said Supervisor T. B. Talbert of Huntington Beach today. "It is a dirt road, but it is smooth and a joy to ride over."

There is now open to automobilists a portion of Orange county that but a

—Good things should be passed along. It is now said that a few drops of a drug called freezezone applied directly upon a tender, aching corn relieves the soreness and soon the entire corn, root and all, can be lifted out without pain.

For a little cost a quarter of an ounce of freezezone can be obtained from any drug store which is claimed to be sufficient to remove every hard or soft corn or callus from one's feet.

This is a drug recently announced from Cincinnati. It is gummy but dries the moment it is applied and simply shrivels up the corn without inflaming or even irritating the healthy tissue or skin.

small proportion of the residents of the county have ever seen. There are thousands of people of the county who have heard of Bolsa bay who have never seen it, or if they have seen it the view has been from the Pacific Electric trains of the Newport Beach-Los Angeles line.

One may now enter upon this road from the Huntington Beach end, and may travel as far as the Seal Beach city limits, but there he will have to turn back, for there is a stretch of 600 feet that at present is impassable. However, that condition will not long continue. The city authorities of Seal Beach have let a contract for the paving of three blocks in the center of Seal Beach. The surface of the three blocks will have to be hauled away in order to put the street to grade, and this surplus dirt, most of it an oil mixture, will be hauled on to the city's portion of the coast boulevard. The 600 feet of missing link will then be rolled, and the first long section of the coast boulevard, long striven for, will be open at both ends.

A pleasant evening's drive for residents of the interior will then be paved road to Seal Beach, then by dirt boulevard to Huntington Beach and return. The route, of course, may be reversed.

The new road is constructed along the east side of the Pacific Electric tracks. It passes through Sunset Beach, along the shore in front of the Bolsa Chico Gun Club property, and strikes the mesa at the same point that the P. E. strikes it.

## LAGUNA BEACH NEWS BUDGET

LAGUNA BEACH, June 7.—Mr. and Mrs. Joseph Yoch of Laguna Beach, are at San Juan Hot Springs for a two weeks' visit. Mrs. Yoch returned last Friday from Inglewood, where she spent a week with her daughter, Mrs. Barnett. Miss Florence Yoch, Mrs. Yoch's youngest daughter, took her father and mother to the Hot Springs by machine Sunday. Monday she returned to Los Angeles, where she is a successful landscape architect. The Bassonets of Los Angeles, old friends of the Yochs, are also at the Springs.

**Picnic de Luxe**  
The studio of William Swift Daniels, just south of Laguna Beach, was the rendezvous Sunday of a very merry crowd of picnickers. Mr. and Mrs. William Dorman of Los Angeles, and a number of friends, motored down from the city in their Packard cars, bringing with them all the luxuries imaginable, from thermos receptacles filled with delicious food and drink, to camp chairs. There were twenty in the party and all thoroughly enjoyed the day.

Miss Emily White, Pasadena artist, who has just completed a cottage on the Arch Beach Heights, returned Monday from a week-end visit to Pasadena. She expects to spend the summer very quietly in her new home.

Miss Ann B. Mason of Laguna Cliffs, entertained at Bridge Tuesday afternoon. Miss Mason was honoring her two house guests, Mrs. E. and Mrs. John Andrews of Los Angeles. Others who enjoyed her hospitality were Mrs. Jahraus, Miss Lindsay, Mrs. Cravath, and Mrs. Chapman. Mr. and Mrs. Chapman won the prizes.

Mr. and Mrs. Kimball Plympton have gone to Los Angeles for a few days. Mr. Plympton's sister is leaving for the east soon, and this is in the nature of a farewell visit.

The Spurgeon cottage, on the water front at Laguna, is now being improved. This was one of the first cottages built in Laguna Beach. It has not been occupied very much of late years.

## BOY SCOUTS TO CAMPAIGN FOR LIBERTY BONDS

Literature Sent to Them By  
Secretary of Treasury to  
Be Distributed

Next Saturday the Boy Scouts of Santa Ana are to put in the day making an effort to get subscriptions to the Liberty bonds.

The five troops of scouts here have received 500 copies each of some Liberty bond literature, sent by the secretary of the treasury. With Main and Fourth streets as the dividing lines, Santa Ana has been divided into quarters. Each quarter is to be assigned to a troop. The fifth troop will work at Orange.

While the boys cannot take any money for Liberty bonds they can take pledges to be turned in at the bank designated by the prospective buyer. A medal will be given to any boy who sells ten bonds.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, June 7.—The Get Acquainted Club must feel well acquainted by this time, after the many nice meetings they have had since their organization several weeks ago, but the climax of good times was reached when they gathered in the park for a wienie bake and picnic supper.

After supper many of the party danced in the pavilion while others enjoyed boating. A very happy feature was an invitation extended by Mr. and Mrs. W. R. Garrett to the club and the husbands to a picnic in Long Beach which they will give in the near future. Of course the invitation was accepted with alacrity.

Members of the club and their families were the following: Messrs. and Mrs. Fleetwood Bell, James Weidmann, Edwards, W. R. Garrett, Kearney Adams, Hannigan Moberly, Edgar Chapman, Hilton Parker, Emil Miller, W. B. Park, Carl Pister, Frank Pister, Will Gowan, R. L. Folger, Walter Rurup, W. S. Ensign, Misses Letitia Parks, Barnes, Myrtle Klahn; Mrs. Gertrude Barnes, Wallace; Messrs. Elmer Ensign, Lloyd Folger, S. B. Edwards.

Several auto loads of Veteran Rebeahs drove to Newport Beach to pass the day in true picnic fashion. Enough of the gentlemen were allowed to go to drive the automobiles, and were allowed a large part in the day's pleasure, namely, all they could eat of the picnic dinner.

A portion of the meal was prepared over the fire on the sand, while the coffee was prepared in a neighboring kitchen. Baskets of good things had been carried along by the ladies and a meal fit for a king was the result of the combined menus.

The afternoon was enjoyed in beach pleasures, bathing, however, being eliminated, as the day was too cool. The picnic party was composed of Messrs. William Varcoe, George P. Campbell, Evan Davis, D. P. Crawford, H. A. Brown, L. B. Gitchell, Lydia Jones, S. W. Honey, Annie Bush, G. W. Christensen, F. W. Bowen; Misses Effie Davis, Irma Brown, Clarinda Honey, Parks; Messrs. William Varcoe, George Bowen, G. P. Campbell.

At the last meeting of Ruby Rebeah lodge, officers for the coming six months were chosen which resulted as follows: N. T. Edwards, Frances Young, vice grand, Mrs. Margaret Goodwin; recording secretary, Mrs. Rebeah Petefkin; treasurer, Mrs. Anna C. Crawford; trustee, Mrs. Tinta B. Small.

A social hour was enjoyed following the ritualistic work, after which refreshments were served.

Frank F. Volz of Anaheim was married to Miss Anna Staffel Monday morning at the St. Boniface church in Anaheim. Rev. J. A. Dubell officiated at the ceremony.

After the wedding the young couple went to San Diego for the week's honeymoon, after which they will be at home in Anaheim.

Mr. Volz, who is a brother to L. P. Volz, manager of the Orange Drug Company, has many friends in Orange.

The Tuesday Auction Bridge Whist Club met with Mrs. John L. Wheeler, four tables of players enjoying the games. Present were Messrs. N. T. Edwards, Elmer Hayward, W. P. Wyland, W. B. Dennis, E. H. Smith, Frances Smith, C. M. Donley, F. J. Keller, C. S. Parker, E. H. Meyer, Altrud Higgins, Claude Morey, Lundblade, George Harper, Mrs. S. M. Craddock, and Miss Jean Dennis, who substituted for Mrs. Wheeler, the hostess.

Bouquets of Shasta daisies and corsages were attractively placed about the rooms. Refreshments were served at the conclusion of the games.

Miss Elsie Wulff, daughter of Mr. and Mrs. H. W. Wulff, of Villa Park, a member of the graduating class of the Angelus Hospital Training School for Nurses. Their commencement exercises will be held tonight in the Ebell Club.

Miss Lula Rumsey, teacher in the high school, will act as assistant teacher of cataloging in the Riverside Library from July 9 to August 11.

Miss Josephine Litzaw, a teacher in Long Beach, will spend the summer vacation with her sister, Mrs. O. C. Trostel, on the Burnham ranch.

Mrs. George Bates of East Walnut street is on the sick list.

Mrs. Harriet Cleveland and daughter Miss Leora Cleveland returned to their home in San Jose, after a visit of several days with Mrs. G. W. Gates. Mr. and Mrs. Maria Buszek visited

in Los Angeles with the former's mother, Mrs. Emma Buszek, who is in a hospital there, finding the patient recovering nicely.

J. L. Sharar and family of Santa Ana have purchased the S. P. Harris ranch in Villa Park and are moving there.

Mrs. Sprowell and mother, Mrs. Goodrich, of Hemet, were visitors in Orange.

H. C. Bailey of Hemet, formerly of Orange, was a visitor here.

Mr. and Mrs. Guy Meats spent a day in Los Angeles.

S. B. Edwards transacted business in Los Angeles.

Saturday night N. T. Edwards, G. D. Toothaker, J. L. Knesel, D. C. Pixley, J. P. Boring, Willard Smith and Dr. D. F. Royer went to the Shrine in Los Angeles to see Dr. Domann "ride the camel across the hot sands of the desert."

Mr. and Mrs. Freeman and family of Missouri, who have been spending the winter in Orange, left today by motor for Texas. E. M. Cole will accompany them as far as Denver, where he will spend the summer.

Miss Ethel Pearson and Russell Zimmerman, of Hollywood, are guests of Rev. M. L. Pearson. Mr. Zimmerman will go to Bear Valley for a month's vacation after leaving Orange.

Mr. and Mrs. George Woods, Mr. and Mrs. Henry Terry and family and Mr. and Mrs. Sam Terry and family formed a motor party to Yucaipa Valley.

Mr. and Mrs. Fred Kramrath have moved from Los Angeles to Orange.

## WATCHING THE SCOREBOARD

NEW YORK, June 7.—From the Pacific Coast comes the news that Maurice McLoughlin, the red-headed comet of tennis, is on his way back to new fame. Picking out a double contest in which McLoughlin, with some able help from Willis Davis, downed William M. Johnston and Wallace Strachan, the coast fans have been praising the former unbeatable champion until their throats must ache.

Reports of Mac's return to form must be taken with something of a grain of salt. His feat in winning, almost single handed, the doubles match spoken of doesn't mean a great deal. He virtually performed the same thing a year ago at Forest Hills here, but failed when he started against the stars in the singles contest.

McLoughlin was so good in the best days of his career and is so different now that a comparison between the two is something almost impossible. When a fan sees Mac streak along for a short time with his fierce drives and speedy return shots from unbelievable angles he immediately loses all control of his emotion and pronounces McLoughlin on the way back.

There isn't a tennis fan in the United States who wouldn't like to see McLoughlin's sorrel tresses again adorned with the national crown. There never was a more popular athlete in any branch of sport than the red-headed tennis star. But to say that McLoughlin has reached the heights he once attained probably is overdoing it. It is hard to believe he has accomplished what he failed in doing a year ago after making such a brilliant showing in doubles play.

Undoubtedly the praise he has received and the satisfaction he must have gained in being able to down a former national champion in Johnston will be a most impelling thing in sending Mac to try his hand at the game again next fall on the Forest Hills courts. He can't win a championship this year, for there will be no such thing, but he can find out if he is ready.

NEW YORK, June 7.—Apparently the Chicago White Sox are determined not to win a pennant in the American League and the Giants are just as firmly set against living up to expectations. Ever since it became evident that Charles Comiskey and Harry Hempstead were attempting to set the style in flags, the two teams they have trotted out for public observation have been unable to put it over.

This spring the Giants have been on top of the National League on an assortment of days. They have varied these visits with trips to second and even third place.

The White Sox haven't done so well. Their only visits have been scattered around among the positions beneath first place. Every day when there has been a chance for the Chicagoans to climb over the champions they have done the opposite and lost along with the Bostonians. Today they rest in second place because they couldn't whip the Senators while the Red Sox were losing to Detroit. And it was the third loss in a week for the champions.

The Giants are reposing calmly in second place while the Phillies are holding the top position. A lower berth seems to fit the New Yorkers just as well as an upper. The Cincinnati Reds squelched the Giants—twice.

It may be now or never for the White Sox. The opportunity to snare first place may be made within a very short time. If they can't take advantage of the opportunity offered while the champions are playing strong teams they have little chance of ripping them loose later.

Justin Fitzgerald grabbed a place in the hall of fame at Los Angeles when he clouted a home run in the seventh with two on, but when he slid across the home plate he twisted his leg and had to retire.

Justin's wallpied for the Seals a contest that had been nip and tuck theretofore.

The Tigers themselves contributed not a little to the Seals' 8-3 victory by a series of errors.

Mails heaved the ball all around the park but couldn't get 'em over; and his wildness in the first six stanzas cost Portland the game 3-4.

The loss came, too, after the Beavers had apparently sewed up the contest in the first inning when Borton hit the sphere over the fence in right center for a homer and scored one ahead of him.

The Oaks came through with a win and are now only nine small points from second place. They outthit the Angels eight swats to seven.

LOS ANGELES PRODUCE MARKET  
According to the Associated Warehouse report for June 1 there were 2,017,000 cases of eggs, and 6,654,000 pounds of butter on hand in fifty-six cold-storage plants of the organization as compared to 2,997,000 cases of eggs and 4,256,000 pounds of butter on the same date last year. With an increase of 119,000 cases of eggs and 1,798,000 pounds of butter the situation at a careless glance would look very rosy, but such is not the case. All over the country fresh eggs are bringing exceptionally high prices, with the result that the consumptive demand has been cut down severely, and the surplus is in consequence being placed in storage for next fall and winter's use.

## YORBA BRIDGE WILL BE BUILT UPON OLD SITE

Property Owners Near Wintersburg Want \$1000 For Dirt Said to Be Missing

The Yorba bridge is to be re-built at the old site at Yorba. Yesterday the Board of Supervisors gave instructions to the county purchasing agent, acting with the county surveyor, to proceed to buy lumber, steel and hardware to be used in the construction of the bridge.

The Yorba bridge was washed out a year ago last January in the flood that did considerable damage along the Santa Ana river. The location for re-building the bridge in that section was the subject of considerable controversy last year. Delegations from Orange wanted the bridge built a mile and a half further down the river and the Richland section. The controversy was carried strongly into a proposal for bonds for bridges, which proposal was defeated.

The bridge will be 440 feet long and will be constructed upon concrete piles. The spans will be forty feet. The plans for the bridge have been prepared in the county surveyor's office.

### Claims Damages

No action was taken upon a demand from Attorneys Clock & Harrison of Los Angeles for \$1000. A letter from the firm stated that it owns property a mile south of Wintersburg, and that a large quantity of dirt and sand had been taken from the property. The statement declares the county owes \$1000 for the damage done and for the dirt taken. It is understood that the dirt was used in road work.

### Permits Granted

Permits to lay pipelines across county roads were granted the John T. Carpenter Company at El Modena and E. W. Squires at Olive.

### Under Advisement

The supervisors took under advisement the report of the viewers for the proposed cut-off road between Laguna Beach and Laguna Cliffs. The viewers estimate the value of the property to be taken at \$4000, and the property owners assert that the property is worth \$75,000 or more.

## OHIO GRANGERS START U. S. BOND SALE DRIVE

COLUMBUS, O., June 7.—Ohio grangers, 75,000 strong, today launched a mammoth summer drive on the "Hindenburg hunger line." L. J. Tabor, master of the Ohio grange, led the campaign to boost Liberty Bond sales. Grangers met throughout the state. "Every farmer will be urged to buy a Liberty Bond," Tabor said today. "Public sentiment will be created to prevent use of grain for alcohol during the war. Farmers will take steps to curb food speculators." The campaign opened today with a farmers and merchants picnic at Zanesville.

## CITED TO APPEAR FOR FAILURE TO PAY LAWYER FEE

Troublesome Case From La Habra Again Bobs Up For Action In Court Here

Among the troubles that frequently get an airing in the superior court are the troubles of Albert H. Davis and Mary Jane Davis, his wife, who live at La Habra. Just now it is Davis who is to be brought into court for failing to pay \$125 attorney's fees to C. B. Hubbard, attorney for Mrs. Davis in the various varieties of litigation that have so far failed to bring about a settlement of the Davis tribulations. Tomorrow he is to appear before Judge Thomas to show cause why he should not be punished for contempt.

## POPE ATTACK ATTEMPT VICTIM, ROME REPORT

ROME, June 7.—Pope Benedict has suddenly suspended all public audiences. His act is reported to be due to the fact that many threatening letters have been received. At a recent audience, it is declared, a war-crazed man attempted to attack the pope. He was seized by guards.

### THE EVILS OF CONSTIPATION

Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body poisons the system and blood and makes us liable to sick headaches, biliousness, nervousness and muddy skin. When you note these symptoms, try Dr. King's New Life Pills. They give prompt relief, are mild, non-gripping in action, add tone to your system and clear the complexion. At your druggist's, 25c.

## IN THE JUSTICE COURT NOW BELIEVES IT WAS THE SON WHO DROVE SPEED CAR

Seal Beach Officer Is Still Searching For Man Whose Tires Were Shot Out

Motorcycle Officer Carr of Seal Beach is now convinced that it was Otis Lamay and not Thomas Lamay that gave Carr a chase last Sunday. Carr followed a machine that he says was going around fifty miles an hour and whose driver refused to stop when ordered. Carr drew his revolver and punctured a tire of the auto, but it sped on. Carr's motorcycle ran out of gasoline, and the chase ended right there so far as that particular speeding match was concerned. Since then, however, Carr has still been on the trail. He had the number of the offending machine, and upon that information warrants were issued for Thomas Lamay of Anaheim. Carr yesterday returned for more warrants, this time for Otis Lamay, son of Thomas. He heard that Otis was the one driving the machine. Otis is reported to be in Ventura now.

**Crowded \$5 Worth**  
E. J. Musso of Los Angeles crowded J. J. Lasby of East Seventeenth street, Santa Ana, off of a road in the north end of the county, and as a result of Musso's crowding, Justice Cox this morning crowded Musso for \$5, and got the money. Lasby had Musso arrested for careless driving. Musso declared at the trial that he did not hear Lasby give any signal that he was coming up from behind. Lasby and two other witnesses testified that the signal was given.

**Gets Sixty Days**  
For stealing bean sacks from C. C. Collins & Co., Harry Senden was today sentenced to sixty days in the county jail. Senden is weak from illness. He said he had no money and stole in order to get some money to buy food.

For disturbing the peace of some Koreans who live near Delhi, Eschel Diaz has been arrested. His trial is June 17.

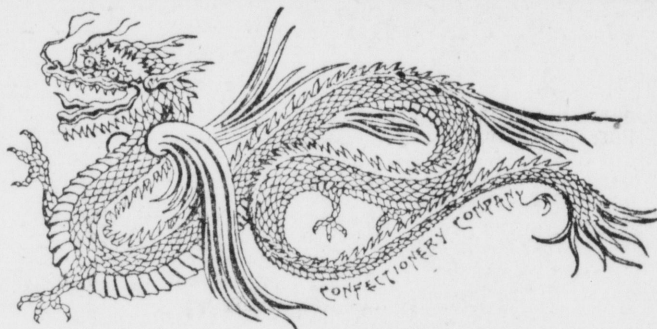

## NEW PSYCHOLOGY IS TO BE LECTURE SUBJECT

Psychic research has become a recognized science according to L. W. Rogers, national lecturer of the Theosophical Society, who is to give a course of free lectures on the new psychology which began last night at 8 o'clock at the K. of P. hall. Members of the Santa Ana Lodge say the four lectures will present a wealth of new facts and illustrations on the subject of reincarnation, life after death, soul evolution, the higher life and the development of the powers latent in man.

All of the lectures will be free to the public.

## TEUTON PAPER SEEKS NEW NAVY ENGAGEMENT

AMSTERDAM, June 8.—"The German navy does not wish anything more than a new encounter with the enemy and if the latter can be induced to show themselves again, we will do the rest," declares the Berlin Lokal Anzeiger today, in commenting on a speech delivered at London by Admiral Sims, U. S. N., Sunday.
